# ULTRA OIL ATF DEXRON VI

**Product Description and Field of Use**

It is a high-performance synthetic automatic transmission oil produced by blending synthetic base oils and high-tech additives. Developed for use in the next generation of transmissions of passenger and light commercial vehicles. It is especially suitable for use in automatic transmissions of new generation vehicles produced by automobile manufacturers of Far Eastern origin.

**Properties and Benefits**

• High performance at low temperatures thanks to its excellent viscosity.
• Thanks to its high oxidation resistance and thermal stability, it shows superior resistance to aging, ensures a long oil change period and reduces maintenance costs.
• Thanks to its special additives, it minimizes the wear that may occur in automatic gearboxes and extends the transmission life.
• Thanks to the special additives they contain, they prevent sediment formation and do not cause foaming. Provides protection against corrosion and corrosion.

**Typical Properties***

| TEST | UNIT | TEST METHOD | TYPICAL VALUES |
|---|---|---|---|
| Density, @15 °C | g/cm$^3$ | ASTM 4052 | 0.85 |
| K. Viscosity, @ 100°C | cSt | ASTM D 445 | 6.5 |
| Viscosity Index | | ASTM D 2270 | 158 |
| Flashing Point | °C | ASTM D 92 | 215 |
| Pour Point | °C | ASTM D 97 | -45 |

*** Values may vary between productions.**

**Storage Conditions**

It should be protected from direct sunlight and precipitation. Packages should be stored in a sealed way, under a porch or in indoor areas. Storage temperature should be between (+5)-(+40)°C.

**Health and Safety Information**

In the light of the available information, this product is not expected to create a negative impact on human health when used in the intended location and under the specified conditions of use. Used product should not be incinerated or poured into soil and waste water channels. Waste oils should be sorted into categories according to Regulation on Control of Waster Oils, and disposed of via licensed enterprises having the properties defined in this regulation. Please read the Material Safety Sheet when necessary.
